

Corporate Social Responsibility

Management of company BÖHM PLAST-TECHNIK a.s. has decided to unify its mission and daily work with ten generally recognized principles in human rights, working conditions, environment, and anti-corruption measures.

HUMAN RIGHTS

- 1) we support and respect the internationally accepted human rights
- 2) we decline any complicity in the breaching of human rights

WORKING CONDITIONS

- 3) we recognize the right of employees to gather and their right to collective bargaining
- 4) we eliminate all forms of forced labor
- 5) we refuse child labor
- 6) we eliminate any kinds of discrimination in the workplace

ENVIRONMENT

- 7) we support a preventive approach to environmental protection
- 8) we participate in matters that enforce the increase of responsibility towards the environment
- 9) we support the development and usage of ecologically friendly technologies

ANTI-CORRUPTION MEASURES

- 10) we reject all forms of corruption, including bribes and extortion

We expect all employees to fully support these principles, including reporting on their violations.
